H.M.S. Orion, we learn, would probably leave Singapore for the Mediterranean, station to-day.

An earthquake of some intensity was felt in most of the Philippine Islands on the 14th inst., lasting about half a minute.

The returns of the number of visitors to the City Hall Museum for the week ending Jan. 10th, are:—Europeans 129; Chinese 1,024; total, 1,223.

INFLUENZA. We regret to learn, is prevalent throughout this colony, but whether the epidemic is of a serious type has yet to be ascertained.

The Gazette of last Saturday officially announces that Mr. Francis Fleming has assumed the duties of Colonial Secretary of this colony.

SERGT-MAJOR "Jack" Cameron was elected second lieutenant of the Shanghai Volunteer Artillery at a meeting of the corps held on the 15th inst.

Messrs. Adamson, Bell & Co. inform us that the "Shanghai" steamship *Carmichael*, from London, R.C., left Singapore on the afternoon of the 18th inst., for this port.

According to a return in the Government Gazette, the population of this colony is now estimated at 101,422—the British and foreign community 10,832, and the Chinese 183,590.

We are informed by the agents (Messrs. Jardine, Matheson & Co.) that the "Glen" liner *Glenfinlas*, from London, left Singapore yesterday morning for this port, and is due on the 26th inst.

The Shanghai Municipal Councilors for the current year are:—Messrs. John Macgregor, D. Brand, W. McDonald, G. H. Wheeler, J. W. Harding, Joseph Welch, M. Adler, Ph. Lieder, and D. C. Jansen.

NOTHING new in share business, and things are dull all round, but a change for the better may be confidently looked for immediately after the Chinese New Year. Money still continues uncomfortably tight.

A TELEGRAM reached here to-day that the steamer *Norja*, consigned to China from Middlesbrough, had gone down somewhere near Ceylon. It was her first voyage. Further particulars are wanting.We are informed by the agents (Messrs. D. Sassoon, Sons & Co.) that the steamer *Arcton*, from Apia, with mails from Calcutta, left Singapore for this port yesterday, and may be expected on or about the 26th inst.

His infantile Majesty of Spain, through his mamma the Queen-Regent, has approved of the new plan for the Manila lottery, by which the prize is to be \$45,000 in nine months of the year, \$30,000 in June, and \$90,000 in December.

"The Dervish".....Royal.
"The Dervish".....Royal.
"The Dervish".....Royal.According to the *Batavia Nieuwsblad* the great progress made in developing the resources of British North Borneo has made a deep impression on the Minister for the Colonies in the Netherlands. He has therefore written to the Governor-General of Netherlands India, enquiring into the reasons why, and asking for information as to the hindrances to similar development in the Dutch possessions.

THE Dutch Government Gazette contains an official statement that the Rajah of Lombok denies the truth of the reports that have been going the rounds regarding the cruel executions of sundry runaway slaves in that island.

A CORRESPONDENT of the *Batavia Nieuwsblad* writing from Samsara sends word of the success of tobacco cultivation there. The first trial of cutting the leaf has answered beyond expectations. The consequence has been a rush for tobacco land in that quarter.THE *Yama Bode* tells that the Marudu Bay Company started in Java fully a year ago, under a great flourish of trumpets, to grow tobacco in British North Borneo, has met such evil fortune that the shareholders have to choose between increasing the capital or ceasing to cultivate.MR. HENRY NORMAN is still a sojourner in Siam, and appears to have been taken much notice of by the go-ahead King of that country. The *General Post* "special" has evidently changed his plans, and will scarcely be able to give the world an account of his recent wanderings so early as he had previously arranged.THE Brazilian cruiser *Almirante Barroso* created some stir in Ceylon owing to allegations of cruel treatment made by four of the crew, who obtained their discharge from the ship on the ground that they had agreed to serve the Emperor and not a Republic. It is stated that numbers of the men have deserted at various ports on account of cruelty.THREE hundred and thirty two deaths were registered in Hongkong for the month ended December 31st. Of that number, *trismus nascentium* was responsible for fifty, 28 at the Italian Convent, and 22 at the Asile de la St. Enfant. Twenty-nine deaths at the Tung Wah Hospital are attributed to chronic lung disease and 21 to intermittent fever.

It must be cold work these raw mornings watching training operations in the Happy Valley from the top of the Black Rock; but we are informed that one notorious tout has been a conspicuous landmark there recently. Well, the position has at least an advantage—one can see all that goes on, and there is nothing to pay, and to the fugit mind that means a lot.

MR. CHARLES VIVIAN LADDS, proprietor of the markets and Grand Panjandrum of the slaughter-houses, is henceforth to be known as the Colonial Veterinary Surgeon, by command of the Governor.—Our African brethren who superintend the road-mending in the Colony, on the rare occasions when any is done, must, we suppose, be in future addressed as Inspectors-General, too.

THUS a Batavia contemporary:—Last month a wealthy Chinaman came to Batavia in his own steam yacht from Hongkong. He had been blind for two years, and he had sought for a doctor to operate upon him at Madras, Calcutta, Bombay, and Singapore. A physician at Batavia successfully performed the operation. The Chinaman, on recovering his sight, could not find words strong enough to express his thanks.

SATURDAY'S *Gazette* is a gem—with a G. like the Eiffel Tower. The examination papers given to the first class at Victoria College, at the examination, are published, and we ask the average reader to sit down and struggle with the first question in the paper on "General Intelligence." It is "Tell absolutely impossible for you to answer to satisfy the test of proof by casting out nines?" We should say so. But ask us another, anyhow.SAVES THE *Shu Pao*:—The Peking Field Force Arsenal has turned out 37 steel breech-loading rifled machine cannon, made of materials imported from abroad. Each is to be mounted on a two-wheeled gun-carriage, for the making of which Mr. Shu, a native, has a contract at Tis. 110 each, all iron-work to be supplied by the Arsenal outside the contract. Ten are to be ready at once, the other 27 by the 3rd moon of the coming Chinese New Year.

THE Chinese New Year harvest of fires commenced on Saturday night. A little before eight o'clock flames were discovered issuing from house No. 219 Praya, a godown used by the Opium Farmer. There was very little inside; besides two coolies, and they got out, so when the Fire Brigade rushed up they had only a few rafters to put out. If the next house had got ablaze, though, the result would have been a big fire, for there were some hundreds of gallons of tar there. No. 229 was insured for \$8,000.

YU CHI-KAI, Provincial Treasurer and Acting Governor of Kuangtung Province, has, according to the *Hu Pao*, issued a proclamation relating to abuses in connection with the Temples of the Tutelary God of each City. It appears that a priest in charge of the Temple at Canton pays as much as from Tis. 7,000 to Tis. 10,000 for the post, recouping himself afterwards for his original outlay by all manner of extortions from the worshippers. Thus they are not allowed to bring in their incense-sticks or candles, but must buy these from the priest inside at ten times their value. They must also pay an exorbitant hire for space on the mats on which they perform their prostrations; and women are persuaded by the priest that a night's sleep on the mats in the temple for which they pay a heavy hotel bill to the priest, will ensure them male progeny. In the precincts of the temple quick doctors, astrologers, and charlatans of all kinds are allowed to erect their booths on payment of a fee. The Governor sternly announces his intention of doing away with all these abuses, which have heretofore been winked at by the city officials, who have each in succession received large bribes for their complicity.In Saturday's *Gazette* is printed the text of a Bill which is shortly to be introduced in the Legislative Council. It is an Ordinance to provide for and regulate a pension fund for the widows and children of public officers of the Colony. By its operations the Government will hereafter deduct four per cent. from the salary of any official entering the service, or of any now in it whose salary was previously less than \$240 a year, and is now more than that. Where is there? Any of the present officers can "chip in" at any future time on paying the back-calls, with compound interest. Subscriptions will cease after 35 years' service, or when the officer has received a pension, or when he is leaving the service. Fire directors, annually appointed by the Governor, will administer the fund, which will furnish pensions to the widows and orphans of the contributors, subject to their being alive and able to apply for the same. Any officials being dismissed will lose all they have contributed, and anybody whose office is abolished without a pension being given, or anybody reduced, will be equally lucky. In fact, on reading the voluminous rules, it seems as if the chances of anybody who really needed it ever getting anything were extremely slender. We look to our official members to decide whether our impression, that this is an attempt at forcing the Civil Servants into joining an arbitrarily-conducted benefit society in which they can have no say, is right or not.

DURING the quarter ended the 31st ulto, 533 births and 1,202 deaths were reported to the Registrar General. Amongst the British and foreign community there were 475 births and 42 deaths; amongst the Chinese 483 births and 1,160 deaths.

We regret to note the death at the Singapore Hospital on the 9th inst. of Mr. John Marshall, who was for some years Editor of the *Straits Times*. About a year ago Mr. Marshall severed his connection with our Singapore contemporary, and went to Bangkok, where he practised his original profession of solicitor in addition to editing the *Siam Mercantile Gazette*. Owing to failing health he took a trip to Singapore, but broke down on the journey and died shortly after reaching the Hospital. The deceased gentleman was a native of Glasgow, and if we mistake not, was a graduate of Edinburgh University.

THE rifle shooting match between the two St. Clairs—who were the lowest for their respective teams in the late inter-port contest—has excited considerable interest amongst Singapore marksmen. The Singapore St. Clair fired his twenty-one rounds on the 9th inst.—seven each at two, five, and six hundred yards—scoring 30, 17, and 22 respectively, or a total of 79. This represents 16 points more than he made in any original contest, but if our St. Clair is in any thing like his usual form he will win easily, as the gallant Major has fairly earned the reputation of being one of the best shots in the British Army. Major St. Clair, by the way, went home by last mail, and will doubtless decide the battle over the Singapore range.

The Soochow correspondent of the *N. C. Daily News* writes on the 13th inst.:—There are hard times ahead but no general starvation. There will be thousands and tens of thousands of families in extreme need—widows, the aged, the unemployed—and (many of) the liberal who often assist now lack the ability. Another drawback is that the "waters assuaged" so late that many of the farmers could not put in their winter crops. While there is nothing around Soochow like the famine-districts last year in Shantung, below here at Pingwang, and along the Kiangsu-Cheking line it is said that only one-fifth of the rice crop has been saved. It is reported that there are thousands without food who are living on their neighbours, and that all in February will go to the magistrates at Woking for aid. The silkmen at Nanjing, we have heard, have organised a famine relief on a grand scale. With a capital of several millions they will import rice and sell it—by the peck only—at a reduced price. In this region, Pingwang to Kinking, the silk will be on the market in June and afford relief, but the three spring months will be severe.

SIR KNIGHT D. GILLIES was installed Eminent Preceptor of the Victoria Preceptory of Knights Templar on Saturday night. He afterwards appointed the following officers:—Chaplain, Sir Knight G. C. Anderson; Constable, Sir Knight J. W. Croker; Marshal, Sir Knight G. P. Jordan; sub-Marshal, Sir Knight R. Cooke; Treasurer, Sir Knight R. Markwick; Registrar, Sir Knight A. D. Ball; Capt. of Guard, Sir Knight A. Gillanders; Almoner, Sir Knight P. Brewitt; Dir. of Cer., Sir Knight J. Mitchell; First Herald, Sir Knight E. C. Reynolds; Second Herald, Sir Knight Hercules J. Scott; Organist, Sir Knight H. H. Lightwood; Guard J. Maxwell. A Past Preceptor's jewel was voted to Eminent Sir Knight A. O'D. Gourdin for his services in the chair during the past year, and a Registrar's jewel to Sir Knight A. Seth, who has resigned that office in consequence of his approaching departure from the Colony on leave. Subsequently the degree of Knight of Malta was worked, when Sir Knight D. Gillies was installed as Eminent Grand, and appointed his officers as follows:—Captain-General, Sir Knight G. C. Anderson; Lieutenant-General, Sir Knight J. W. Croker; First Lieutenant, Sir Knight G. C. Cox; Second Lieutenant, Sir Knight G. P. Jordan; Prelate, Sir Knight R. Cooke; Registrar, Sir Knight J. D. Ball; Marshal, Sir Knight E. C. Reynolds; Admiral, Sir Knight H. H. Lightwood; Conservator, Sir Knight J. Mitchell; Bailiff, Sir Knight P. Brewitt; Turcopoler, Sir Knight J. Kirkwood; Chancellor, Sir Knight J. Bryant; Captain of the Guard, Sir Knight A. Gillanders; Guard, Sir Knight J. Maxwell.

SUPREME COURT.

IN SUMMARY JURISDICTION.

(Before Mr. Justice Wile.)

CLAIMS FOR BACK PAY.

A Chinaman sued Captain O'Keefe, the well known trader of the *Caroline*, for \$67. Mr. Watson defended. The plaintiff was a bricklayer, who went down with Capt. O'Keefe to Yap some two or three years ago to build houses. He claimed that \$67 had been deducted from his wages. He admitted, however, that a present from a lady in Canton had laid him up in hospital at Yap for about two months, and that he wasn't much of a bricklayer for some time after that, so his lordship decided against him.

Another Celestial, Capt. O'Keefe's "boy," claimed \$193, on the same grounds. As he could not account for the disappearance of a quantity of his master's property whilst down there, in respect of which he had been fined, he was similarly non-suited.

IN BANKRUPTCY.

(Before Mr. Fielding Clarke Acting Chief Justice.)

A CONTRACTOR WOUND UP.

Mr. Philippo applied, on behalf of Leung Lai Yun, for the adjudication of a contractor named Leung Pak Shan as bankrupt. The debt was \$500.—The latter sat placidly by whilst the application was made, and was adjudicated accordingly.

THE CRICKET WEEK.

Dr. Dobereck will have to go. After nearly three months of weather so dry that the office goat died through cracking its hide, he has permitted at this festive season, when the cracker of the child-like Chinaman droppeth on the pedestrian from every verandah, and nearly two score of the flower of Singapore have come fifteen hundred miles to try our prowess at British sport, Dr. Dobereck, we repeat, has allowed a rain that looks like a forty-days drizzle to set in. It started yesterday, about two hours before the mail arrived, and it has drizzled in a faint-hearted way ever since, with the result that the Cricket Ground is completely soddened. Our sporting visitors are accompanied by several ladies and friends, and are all fit and well, though a trifle "short" in respect of weight. They are staying with various friends in the colony, however, and will soon change all that. They spent most of today in visiting the local sights, including the Gaol, Courts, Kialto, and other cheerful places. They were to have had a tug training, but the weather prevented them. To-night, they will dine with the Hongkong Cricket Committee and the home eleven, afterwards attending the monthly smoking concert given by the Musical Club.

To-morrow afternoon, weather permitting, the tennis matches will be played. Mr. E. J. Coxon meeting Mr. Braddell in the singles, and joining with Mr. W. H. Wallace against Messrs. Birch and Braddell in the doubles, if time will allow. On Wednesday the cricket match will begin at eleven. At night, probably, the billiard match will come off at the Club. The names of several of our leading amateurs have been mentioned, but we understand that no-one has yet been selected to meet Mr. Braddell, the Singapore champion. We don't think there will be much interest evinced over the match, judging by the arrangements that are being made; the Hongkong Committee seem to want it to be a Club & Club match, from whence which the low "public" are to be excluded. Thus does Hongkong maintain its reputation for snobbishness.

On Thursday the cricket match will be continued, and in the evening the Pantomime will absorb everybody's attention.

On Friday, if the match has not been previously finished, it will be resumed, or the return match will be commenced. In afternoon the Regatta will commence, when the following races will be rowed:—

3:30—Singapore v. Hongkong (four) Cup presented by E. R. Bellion Esq.

4:00—Scratch four.

4:30—Singapore v. Hongkong (single sculls) Cup presented by the Hon. J. J. Kewick.

At night the visitors will be the guests of the "Tarantulas" at a dance.

Saturday will see some more cricket, and the Regatta will continue, as follows:—

3:30—Four oared race between Singapore, Officers 1st A. S. Highlanders, Officers H.M.S. *Imperieuse*, and the Victoria Recreation Club, for a Cup presented by the Hon. C. P. Chater.

4:00—Scratch four.

4:30—Singapore v. Hongkong (double sculls) Cup presented by H. N. Mody Esq.

The races will be rowed over the usual mile course. In Wednesday's issue we hope to be able to give the names and weights of the competing crews.

In the evening the Cricket Dinner will take place.

On Monday, of the visitors have not been wiped off the face of the earth by our men, they may have a turn with the United Services. At night the Cricket Ball will take place.

On Tuesday they will see Hongkong lights, and on Wednesday they will depart, by the *Cyde*.

CORRESPONDENCE.

KEROSENE OIL AS CARGO.

TO THE EDITOR OF THE "HONGKONG TELEGRAPH." SIR—I read an article in your issue of the 16th, entitled "New Uses For Kerosene Oil," and I was very sorry to see so serious a subject treated with so much levity. There is an old saying that "truth is stranger than fiction," and some people reading the article might think it was written in jest only. I have been in one of the Hoilow steamers, and have often wondered at the loose and careless way that kerosene is carried as deck cargo. The hint about the cases being stacked around the boiler and funnel casings is perfectly true, only a small space being left in order to get past, and, in some vessels, not even that. As regards the loose oil floating about the decks, I agree with the writer that it cannot be helped, but it is a nuisance all the same. I have often had my shoes soaked through with it, and have seen it running over the ship's side. On one occasion I ventured to speak to the Captain about the risk he was running by stowing it on the top of steam pipes, and I was told that it was perfectly safe, as it would not catch fire even if put on the galley stove! Now, Sir, where ignorance is bliss, it may be folly to be wise, but at the same time, if a man has to live with it, he will give for his skin, and we must not forget that we are constantly hearing of cases of vessels being set on fire by kerosene oil, and there has been one lamentable case (the *Wat yuen*) not very long ago either. Therefore I think it very wrong to treat so serious a matter in the light of a jest; but rather to try to do whatever is possible to prevent accidents occurring through ignorance and carelessness.Yours truly,
ONE WHO KNOWS.

PIRACY ON THE TONQUIN FRONTIER.

(FROM A CORRESPONDENT.)

Lung-chow, 5th January, 1890. On the 1st inst. as Lieut. Guerin, of the French Marines, was journeying by boat from Cao-bang to Lun-chow, he was attacked by a gang of Chinese pirates, who repeatedly shot at the boat, and eventually hit the lieutenant in the elbow.

The place selected for the attack is on the Tonquin side of the boundary, and Mr. Guerin's boatmen, stimulated by the bullets that were flying round them put on a good sport and succeeded in reaching the frontier, where just inside Chinese territory is a camp of "bushers." The Mandarin in charge of this camp received the wounded Frenchman, who was in a fainting condition, most kindly, and as quickly as possible communicated with the nearest French military post, from which a party of soldiers, were sent to take charge of the wounded officer, who returned to Cao-bang for medical treatment.

Affairs of this kind are by no means uncommon on the French side of the boundary, and in one which took place, about a month ago, three women were killed.

LATE TELEGRAMS.

LONDON, December 16th.

Lord Salisbury has consented to receive a deputation of the Imperial Federation League who will lay before him the objects of the league.

Canon Smith believes that his re-election to the Australian Primacy is necessary owing to Bishop Kennon's persistence in his protest.

Virulent influenza is still spreading rapidly over the whole of Europe, and is raging in Constantinople, Vienna, and Berlin. There are many fatalities. It is estimated that one person in every three is suffering from this complaint.

Hanan challenges the world for the sailing-champion and stipulates for the race being rowed on the Thames.

December 22nd. Captain French-Brewster, formerly of the Dragon Guards, has petitioned for the divorce of his wife on the ground of her adultery in Dublin and elsewhere with Captain Ormsby Gore, of the 13th Hussars, aide-de-camp to Prince Edward of Saxe-Weimar. Mrs. French-Brewster filed a counter-petition praying for divorce on the ground of desertion and adultery. The hearing occupied five days, and the evidence was highly sensational. The witnesses included Prince Edward of Saxe-Weimar and numerous society leaders. The verdict was given in favour of the wife on all the issues.

VIN BRUT, ROYAL CUVÉE, LEMOINE, AS SUPPLIED TO H.R.H. THE PRINCE OF WALES.

H.R.H. THE DUKE OF EDINBURGH, and to H.I.M. THE LATE EMPEROR FREDERICK OF GERMANY.

THE special feature of this Wine is that it is fermented juice of the grape solely, without the addition of candy, syrup, or liqueur of any kind.

A Dry Champagne to be palatable must be made of the finest raw material—A Sweet Champagne can be made of almost any material. The excessive quantity of sugar in the latter masks completely its original character.

Natural Champagne will agree with persons to whom the Sweetened Champagnes are injurious; it is a true stimulant to mind and body, rapid, volatile, transitory, and harmless. This Natural Champagne is recommended as being really dry, not by means of artificial additions, but because in it, the natural process of fermentation has been completed.
